MISSION MOMENTS: Halidu's Shop Equips Others - In Ghana, Halidu manages a prosperous and bustling training centre where he teaches kente weaving and dressmaking. When Halidu was young, he developed a sore that led to his leg being amputated. During his recovery, Halidu enrolled in a PWS&D supported program that equips people with disabilities with skills to obtain a livelihood. During workshops, he learned vocational skills that included weaving, tailoring and dressmaking. Today, Halidu is using what he learned during his recovery to lead a healthy, productive life and run a successful business.
