MISSION MOMENTS

Protecting Children in Malawi - Ten-year-old Joseph lives with his family in northern Malawi. One day, Joseph showed up to school, not quite himself. His friends noticed and asked what was wrong. "My father and mother shout at each other and fight almost every week. Sometimes my father calls us bad names and chases us out of the house at night, for no reason," he said. His friends, who had learned about children's rights and what support was available to them, urged him to speak to a Child Protection Worker. The Child Protection Worker understood the economic challenges that were exacerbating the abuse and connected the family with resources to address them. Together, the family is using what they have learned to build a more peaceful home. This project is supported by Presbyterian World Service & Development.
