MISSION MOMENTS

In Afghanistan, an excited Salma had just passed Grade 4, but Salma's father didn't want her to continue her education because the school was too far away. When a meeting with the school didn't change his mind, community and religious leaders involved with a girls' education project visited Salma's parents. They explained the importance of education for girls from both human rights and religious perspectives. After a few hours of discussion, Salma received permission to return to school. Unfortunately, the current political situation in Afghanistan means many children are faced with uncertainty about their futures, particularly girls. This education project is supported by Presbyterian World Service & Development.
