### **Mission Moments**

After Mikabens's first birthday in Haiti, his health began to deteriorate rapidly, showing signs of severe malnutrition. His parents brought him to the hospital, where he was diagnosed with severe acute malnutrition and consequently admitted for therapeutic nutrition treatment. Mikabens has since gained close to two kilograms and will shortly be able to return home. Presbyterian World Service & Development's partnership with Zanmi Lasante (Partners in Health) and Canadian Foodgrains Bank is helping many young children in Haiti overcome critical malnutrition.
