Mission Moments

When Esther was 13 years old, she got her period for the first time, just one day before the Malawi national primary school examinations, which would determine whether she would be admitted to secondary school. Esther was instructed by the older women in her village to not leave home and remain indoors for the next seven days in adherence with village customs. Caroline, an outreach volunteer for girls' rights, learned about Esther's situation and enlisted the help of the village's chief to speak with Esther's parents about letting her leave home isolation to write the exam. Esther was permitted to write her exam, allowing her to advance to secondary school. With Presbyterian World Service & Development's support, local partners are raising awareness about the importance of girls' education for a successful future.

THANK YOU! *thank you!*

A huge THANK YOU goes out to the entire team of tireless volunteers who came and helped with the recent Yard Sale. Whether you found some free time in your busy schedule to help with setup or clean up for just a few hours OR whether you showed up every day to sort through donations, price them and then work the sale itself OR even those who brought items to sell ... It was a group effort all around, and everyone had a role to play in the success of this annual event. THANK YOU!!
