## Mission Moments

For the five congregations that comprise the Northern New Brunswick Regional Ministry, 'church' goes well beyond someone's physical presence in the building on Sunday morning. Over the past year, they have asked themselves, "How do we reach out to those in our community and meet them where their needs are greatest?" Each congregation faces a wide diversity of social and economic challenge in their communities, including drug addiction, homelessness, unemployment and food insecurity. A common thread that unites their communities despite distance: people are searching for acceptance and help. The congregations are working to meet these needs through compassion and care.
