### MISSION MOMENTS:

Dhane BK, now in his senior years, lives with his close-knit family in Nepal. Seven years ago, Dhane completed treatment for leprosy, marking a significant milestone in his journey to overcome the disease. He recently developed a skin ulcer and was admitted for specialized care to the Shining Hospital, supported by PWS&D. Today, Dhane continues to improve, with the ulcer showing significant signs of healing.

### CALLING ALL GARDENERS...

I'm sure you avid gardeners have already started thinking about planting.

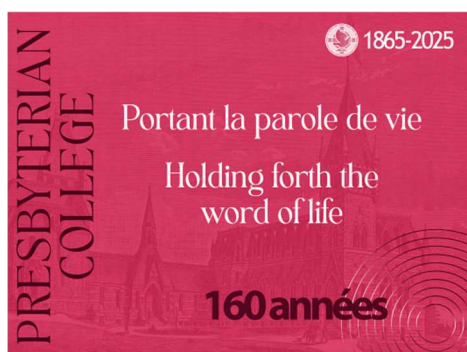

The City of Edmonton is offering bales of used hay if you wish to start mulching or composting. The give away events, at different venues, start as of Sat April 5 until April 12. Click on the link for more information from them. The hay is free

Something worth celebrating!!
